AUXDATA II

To Access AUXDATA II

Navigate to: https://uscg.experience.crmforce.mil/auxcommunity/s

If you have login/password reset issues, and you have checked your spam or junk folder, contact AUXDATA SUPPORT at Auxdata@acumensolutions.com.

AUXDATA II ANNOUNCEMENTS

Recurring Updates

With the completion of the account rollout for the AUXDATA II system, we are now in a regular product enhancement phase of the project. These production updates will happen approximately every three weeks. The production system will remain online during these update periods, but members should recognize that system behavior may be temporarily impacted. Should you experience unexpected system behavior during a maintenance update window, please wait until the maintenance window is closed and try your activities again prior to reporting the problem. The next scheduled maintenance update will be 14 SEP 2023.

Two Factor Authentication (2FA)

When you login to AUXDATA II with your username and password, you will be redirected to a new screen that indicates a one-time passcode is required. You will be asked to select a method for receiving the passcode - either email or the mobile device authentication app. It is strongly recommended that for the first passcode setup for newly activated accounts, you select email to receive the passcode. Users have previously reported issues with using the mobile app for this initial activation. You will receive an email with a six-digit passcode. Check your spam or junk folder if you do not receive the email. Once you have the passcode, go back to the screen with the one-time passcode instructions, select "next", enter the passcode on the next screen, and select "next" again. Additional information is available in the "Account Activation" overview on the National website AUXDATA II page. If you do not receive a passcode activation email, or you encounter other login/password reset issues, and you have checked your spam or junk folder, contact Auxdata@acumensolutions.com.

Legacy AUXDATA

Legacy AUXDATA / AOM has been deactivated as of 17 August 2020.

AUXDATA II SUPPORT Help Desk / Service Requests

The AUXDATA II Help Desk / Service Request team handles AUXDATA II-specific service requests, or "tickets", related to member and unit information, facilities and patrol orders, tasks and competencies, activity logs, and reports in AUXDATA II. The current National Help Desk handles questions from members of the general boating public as well as other issues unrelated to AUXDATA II. To submit a service request, you must be
